

Tutorial Backup Dan Restore File Course Dalam Moodle

A. Backup

1. Pilih mata kuliah yang akan di duplikat ke mata kuliah lain, kemudian arahkan kursor ke menu administrator pilih menu backup

2. Klik next

3. Checklist materi yang akan diduplikat ke mata kuliah lainnya

The screenshot shows the Moodle course administration interface. On the left is a navigation menu with options like 'My profile', 'Current course', and 'Administration'. The main area displays a list of materials with checkboxes and icons for duplication. A red box highlights the following items:

Material	Checked	Destination	Icon
Jaringan Komputer 1 Lab 1	<input checked="" type="checkbox"/>	User data	
Packet Tracer adalah simulator alat-alat jari...	<input checked="" type="checkbox"/>	-	
Modul Packet Tracer	<input checked="" type="checkbox"/>	-	
Tugas I	<input checked="" type="checkbox"/>	-	

Below the highlighted items, there are two more rows for dates: '21 February - 27 February' and '28 February - 5 March', both with 'User data' and duplication icons.

4. Pastikan filename diingat (untuk memudahkan restore di mata kuliah tujuan)

The screenshot shows the Moodle backup settings page. The breadcrumb trail is: Home > My courses > Manajemen Informatika > Jaringan Komputer I (II)-MI D 19/20 > Backup. The progress bar indicates the current step is '3. Confirmation and review'. The 'Filename' field is highlighted with a red box and contains the text: 'backup-moodle2-course-1619-jaringan_komputer_i_i'.

5. Klik perform backup di halaman bawah

The screenshot shows the Moodle backup confirmation page. It displays three rows of backup periods, each with a red 'X' icon and 'User data' with a duplication icon:

- 3 April - 9 April
- 10 April - 16 April
- 17 April - 23 April

At the bottom, there are three buttons: 'Previous' (green), 'Cancel' (green), and 'Perform backup' (orange), with the 'Perform backup' button highlighted by a red box.

6. Proses backup berhasil seperti tampilan di bawah dan klik continue

Home ► My courses ► Manajemen Informatika ► Jaringan Komputer I (II)-MI D 19/20 ► Backup

1. Initial settings ► 2. Schema settings ► 3. Confirmation and review ► 4. Perform backup ► 5. **Complete**

The backup file was successfully created.

Jaringan Komputer 1 Lab 1

Packet Tracer adalah simulator alat-alat jaringan Cisco yang sering digunakan sebagai media pembelajaran dan pelatihan simulasi jaringan komputer. Program ini dibuat oleh Cisco System dan disediakan gratis untuk pembelajaran, tujuan utama Packet Tracer adalah untuk menyediakan alat bagi mahasiswa dan dosen agar dapat memahami prinsip jaringan komputer serta membangun skill analisa di jaringan. Berikut adalah lampiran file **modul packet tracer** dan kita bahas pertemuan berikutnya.
